

# CITATION

## CJ1+

*In a Citation CJ1+ you will be a mover, not a shaker. That is because the CJ1+ flies at cruise speeds up to 389 kts (721 km/h) - 240 km/h faster and 4'000 meters higher and unquestionably smoother than in comparable turboprops.*

*You will avoid weather and traffic, while travelling in silky-smooth quiet skies.*

*This Jet is approved for steep-approach operation as for Lugano and London-City Airport.*
